HEIDI'S HAPPENINGS: OCTOBER NEWS FROM THE DSL

November 21, 2011 by cpehrson

Heidi is our roving reporter at the Developmental Skills Laboratory (DSL), an adult day program of the CPD. Heidi loves to type and each month she shares the fun activities that are going on at DSL.

My buds (at DSL) and I got orange pumpkins at this one pumpkin-patch. As me and my buds glanced sideways from the bus and van, we saw that this pumpkin patch had every shape and size you could imagine. We took those pumpkins back to the work site and painted them for Halloween.

We also made a scarecrow family and they are still in the back of the work site.

We also went to the Pumpkin Walk where we saw and heard some neat things this year. Everyone surely got scared by those sights and sounds around them that took place.

My buds and I went to an orchard where we picked bushels of apples from high tree branches. There were so many different kinds of apples —red ones, green ones, and even yellow ones.

We went bowling one day and the girls and the boys played against each other. The girls won again!

It was a great month at the work site and we have lots of fun things to do in November!
